RIUROS

Listen.
Resonate.

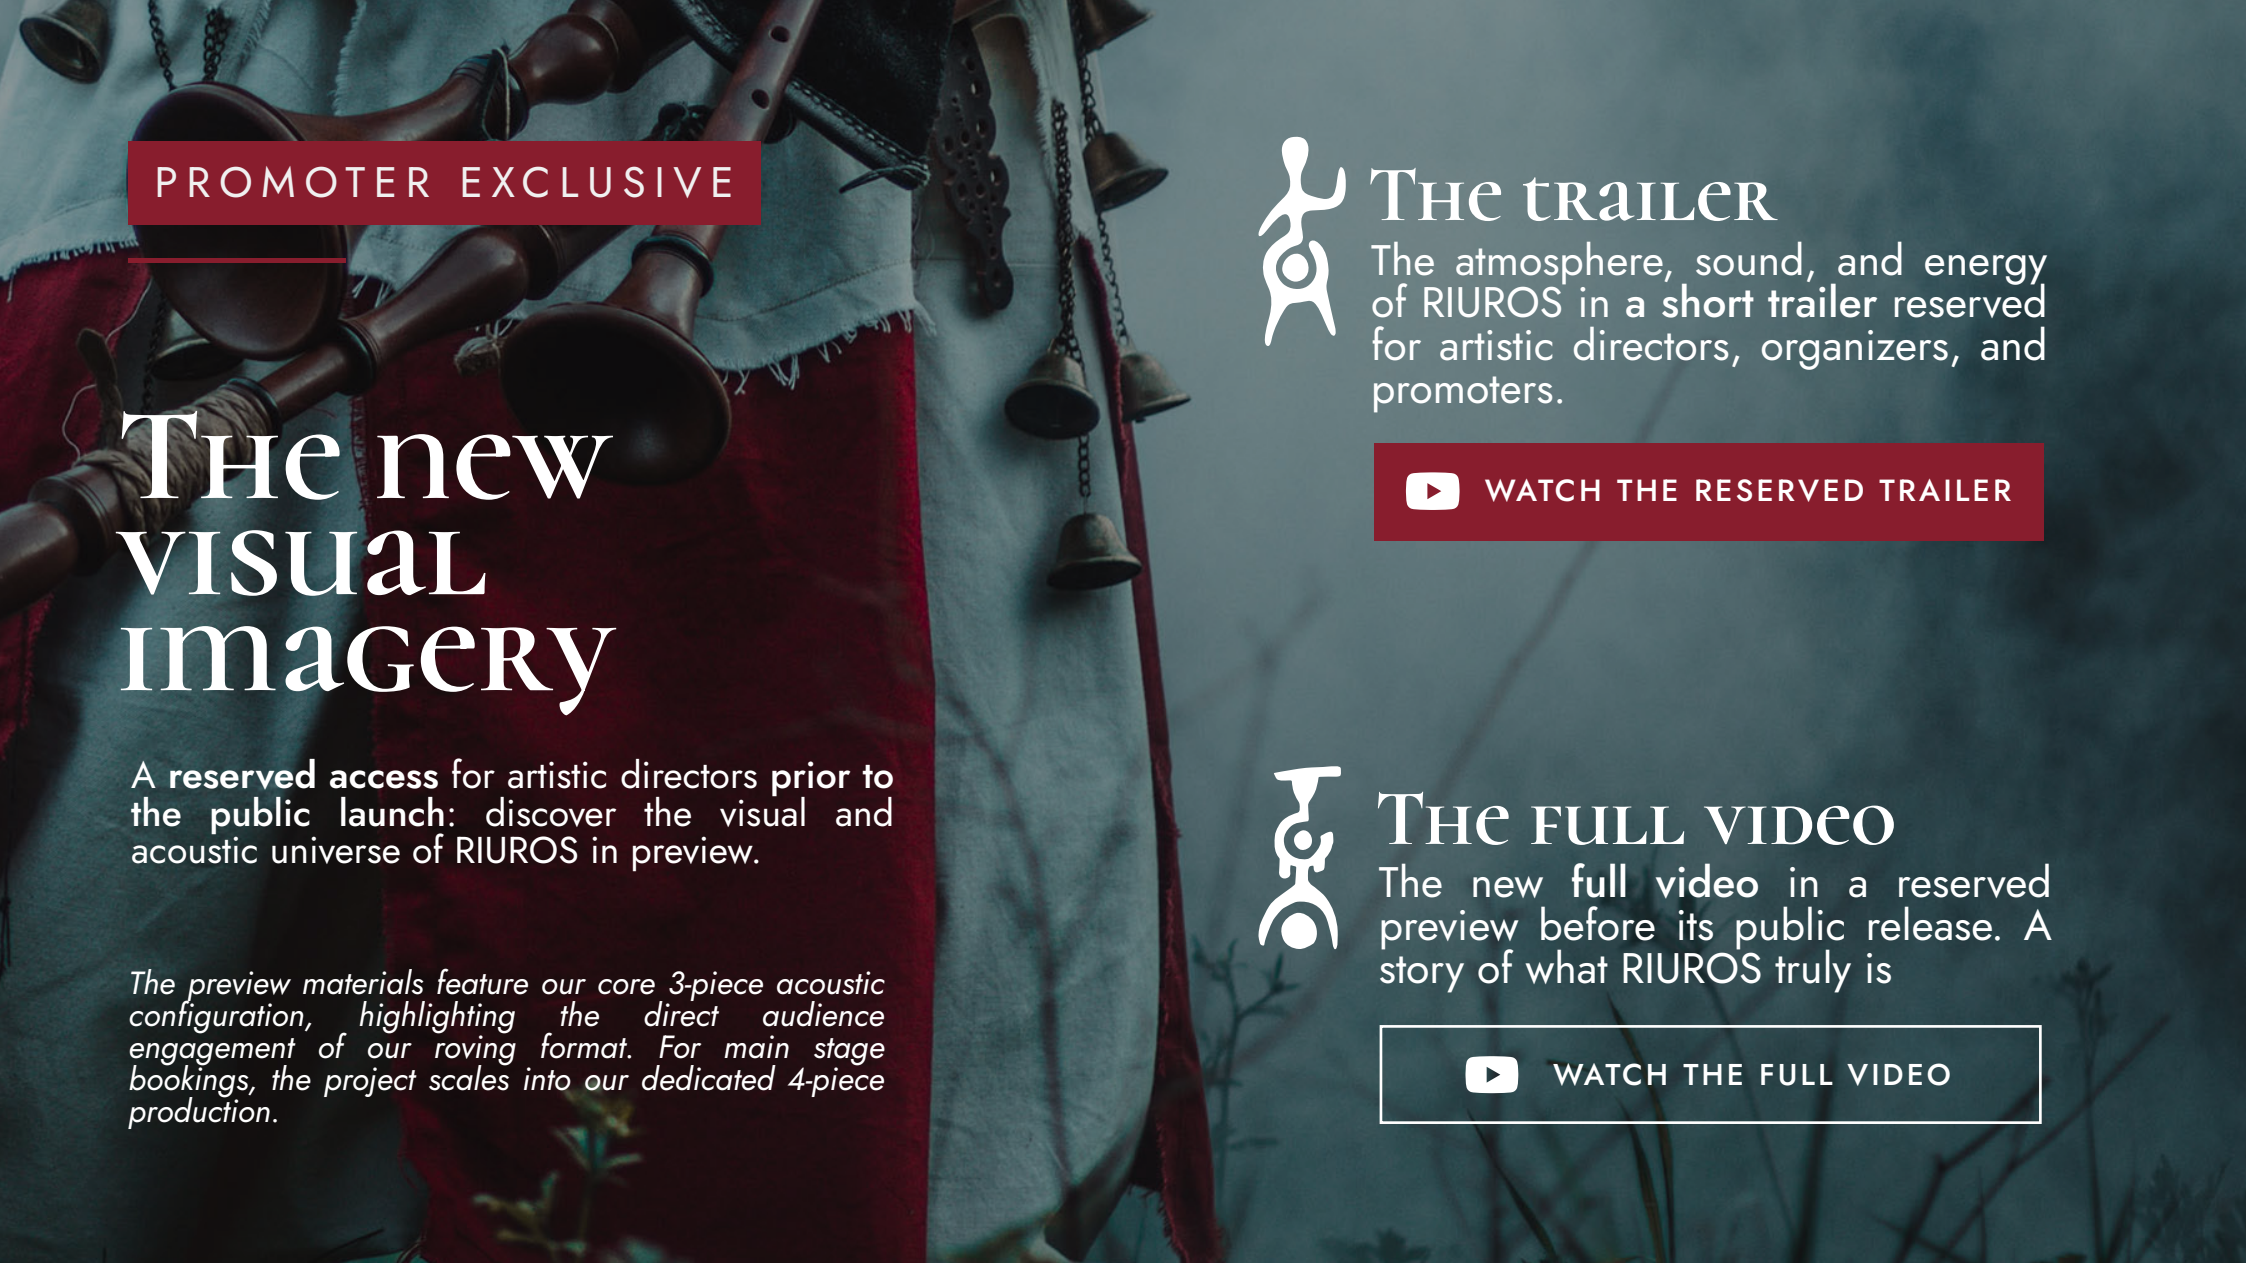

A photograph of three men standing outdoors, viewed from behind. They are wearing long-sleeved white shirts and long, pointed bird-like masks. The man on the left has a dark beard and a brown mask. The man in the center has a full beard and a dark mask. The man on the right has a beard and a light-colored mask. They are looking towards the right against a cloudy sky.

ARTISTIC VISION

BIOGRAPHY

RIUROS is a collision between **ancient roots and contemporary pulses**, designed for the live dimension. From roaming acoustic sets to amplified stage performances, the music transforms the architecture of spaces into a physical and visceral sonic presence.

The background of the entire page is a close-up photograph of various acoustic instruments. In the foreground, there are several wooden flutes or recorders with dark wood bodies and light-colored keys. To the right, a series of small, round, metal bells are hanging from a dark, possibly leather, strap. The lighting is soft and focused on the instruments, creating a sense of depth and texture. The overall color palette is muted, with earthy tones of wood and metal against a dark, slightly blurred background.
